hearLIFE

SONNET 2

Audio Processor

SONNET 2

SONNET 2 is the latest behind-the-ear audio processor from MED-EL. Featuring advanced hearing technology, it is designed to give optimal sound quality. But not only that, SONNET 2 can also be customized to suit the personal needs of each individual user. From flexible battery options, to universal connectivity accessories, SONNET 2 is made for you.

SONNET 2 EAS

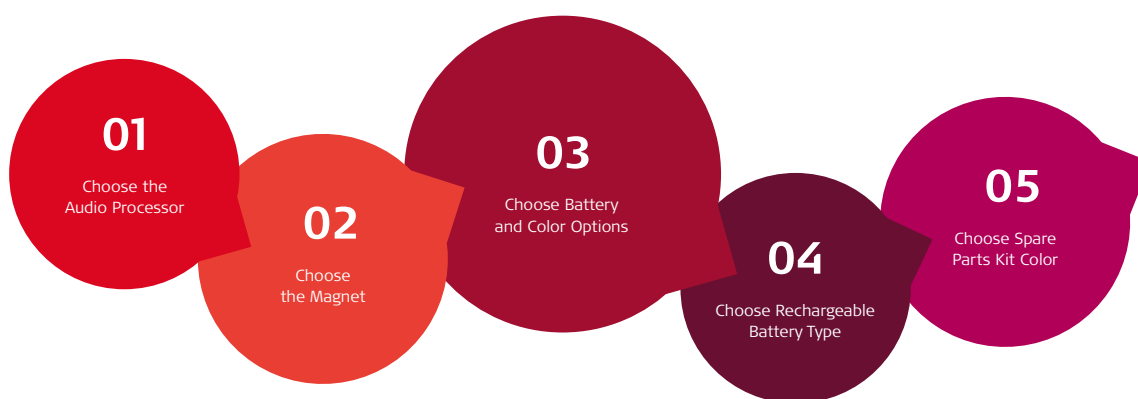

SONNET 2 EAS contains Electric Acoustic Stimulation technology to assist users with high-frequency hearing loss. It combines electrical CI stimulation with acoustic amplification, to take advantage of a user's natural residual hearing. SONNET 2 EAS offers all the same great features as SONNET 2, plus an additional acoustic unit and earpiece.

SONNET 2 User Kit

The SONNET 2 User Kit is the must-have product for all new users. From a fully-assembled audio processor, to waterproof covers and other accessories, it provides everything needed to get started with SONNET 2. What's more it all comes in a stylish backpack, which can be used either to store SONNET 2, or just for everyday use. Additionally you can choose a Spare Parts Kit, which contains certain SONNET 2 parts in a wide range of colors. This allows SONNET 2 to be customized to suit the style of the user.

How To Choose A User Kit And A Spare Parts Kit

In addition to the fully-assembled audio processor,* all user kits contain the following accessories:

- DL-Coil Cable 6.5cm: see page 7
- FineTuner Echo Kit: see page 14
- Daily Case Kit: see page 15
- Drying Kit: see page 16
- WaterWear: see page 27
- MED-EL backpack: see page 16
- Important documents and user manuals

Depending on which battery option is selected, the user kit will also contain the following items:

Rechargeable Batteries:

- 3 Rechargeable Batteries (type needs to be chosen in Step 04)
- Rechargeable Battery Adapter
- Charging System
- Battery Wallet

Disposable Batteries:

- Battery Pack Frame
- Pack of Size 675 Zinc-Air Batteries

Both Types of Batteries:

- All of the above

A spare parts kit should also be ordered alongside the user kit.

The spare parts kits contain audio processor parts in different colours, so your patients can customize their SONNET 2. Select the right spare parts kit in Step 05.

2 * The assembled audio processor includes a control unit, a disposable battery pack frame or a rechargeable battery pack adapter, a battery pack cover, a 6.5cm DL-Coil cable, a DL-Coil base part, a 3 or 3S magnet and a DL-Coil cover.

Bordeaux Red	32977	White	31162

High Profile

For use with Super Strong or Max Strength DL-Coil magnets.

Anthracite	31165	Ebony	31166
Beige	31169	Nordic Grey	31170
Black	31167	White	31168

* A diametral magnet is needed for implants with removable magnets, including the SYNCHRONY Series and SONATA 2.

** An axial magnet is needed for implants with non-removable magnets, including the CONCERTO Series and SONATA.

Design Covers for DL-Coil

SONNET 2 is designed to blend in with your natural look. The Design Covers for DL-Coil allow the coil to be matched to specific hair tones, for those who like to keep their audio processor discreet. Alternatively, the art, animal, and pattern inspired covers enable recipients to make a statement with their SONNET 2.

SONNET 2 Battery Options

Choose from rechargeable batteries, disposable batteries, or both! SONNET 2's flexible battery options allow users to power their audio processor how it best suits them.

In order to use both type of batteries, users must have both the Rechargeable Battery Adapter (for rechargeable batteries) and the Battery Pack Frame (for disposable batteries).

Rechargeable Batteries

Rechargeable Battery Standard

Lithium-ion battery provides up to 10 hours of use per charge.

Pack with 1 Battery	31267
Pack with 2 Batteries	33634
Pack with 3 Batteries	33632

Rechargeable Battery Max

Lithium-ion battery max provides up to 17 hours of use per charge.

Pack with 1 Battery	37819
Pack with 2 Batteries	42035

Rechargeable Battery Micro

Compact lithium-ion battery provides up to 7 hours of use per charge.

Pack with 1 Battery	31266
Pack with 2 Batteries	33633
Pack with 3 Batteries	34143

Rechargeable Battery Adapter

Connects a rechargeable battery to the SONNET 2 Control Unit.

Wearing Options

ActiveWear for SONNET 2

ActiveWear is the smallest audio processor wearing option available and is the ideal choice for younger children, or active adults. It allows the battery pack to be attached to clothing, leaving just the lightweight control unit behind the ear. With ActiveWear, children have a lighter way to wear SONNET 2 all day long, whereas adults have a more secure option during sports.

SONNET 2 ActiveWear Kit, 27cm

BabyWear for SONNET 2

BabyWear is a comfortable wearing option for babies and toddlers who aren't yet ready to wear a behind-the-ear processor. With BabyWear, SONNET 2 is worn completely off the ear and is instead attached to a baby's clothing. Alternatively, BabyWear can be used by children and adults when wearing a helmet, or in any other situation when the audio processor can't be worn on the ear.
