SONNET 3

Audio Processor

SONNET 3

SONNET 3 is the latest behind-the-ear audio processor from MED-EL. Featuring integrated direct streaming without the need for any additional devices, Android and iPhone users can stream sound via *Bluetooth*[®] Low Energy from their phones straight to their SONNET 3. But not only that—SONNET 3's advanced hearing technology provides optimal sound quality. SONNET 3 can also be customized to suit the personal needs of each individual user so they can have the flexibility and freedom they need to hear their best.

SONNET 3 EAS

SONNET 3 EAS contains Electric Acoustic Stimulation technology to assist users with high-frequency hearing loss. It combines electrical CI stimulation with acoustic amplification to take advantage of a user's natural residual hearing. SONNET 3 EAS offers all the same great features as SONNET 3, plus an additional acoustic unit and earpiece.

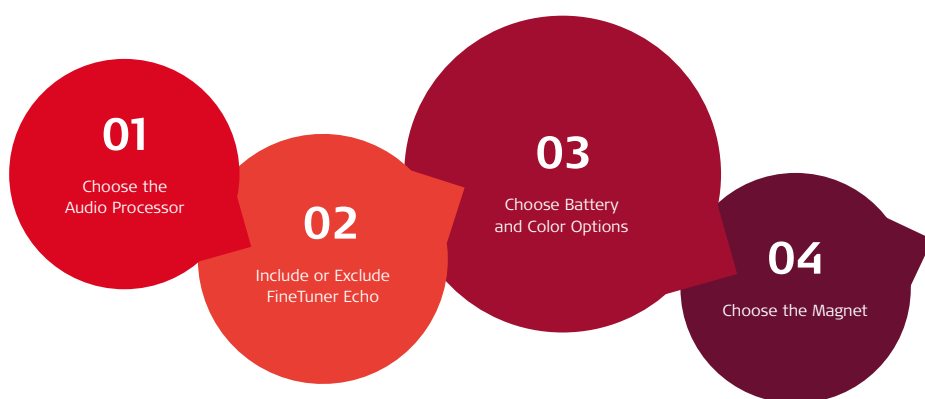

The *Bluetooth* word mark and logos are registered trademarks owned *Bluetooth* SIG, Inc. and any use of such marks by MED-EL is under license.

Not all products, features, or indications shown are approved in all countries. Please contact your local MED-EL representative for more information.

SONNET 3 User Kit

The SONNET 3 User Kit is the must-have product for all new users. From a fully-assembled audio processor to waterproof covers and other accessories, it provides everything needed to get started with SONNET 3. What's more it all comes in a stylish backpack, which can be used either to store SONNET 3, or just for everyday use.

How to Choose a User Kit

In addition to the fully-assembled audio processor,* all user kits contain the following accessories:

- DL-Coil Cable 6.5cm: see page 8
- Drying Kit: see page 21
- MED-EL backpack: see page 21
- FineTuner Echo Kit**: see page 24
- WaterWear: see page 31
- Important documents and user manuals

Depending on which battery option is selected, the user kit will also contain the following items:

Disposable & Rechargeable Batteries:

- Pack of Size 675 Zinc-Air Batteries
- 3 Rechargeable Batteries
- Rechargeable Battery Adapter
- Charging System
- Battery Wallet

Disposable Batteries Only:

- Pack of Size 675 Zinc-Air Batteries

* The assembled audio processor includes a control unit, a disposable battery pack frame, a battery pack cover standard, a 6.5cm DL-Coil cable, a DL-Coil base part, and a DL-Coil cover and it is provided with a magnet 3S. If another magnet is desired, this can be provided additionally.

** The FineTuner Echo Kit is not included in all user kits.

Wearing Options

SONNET ActiveWear

ActiveWear is the smallest audio processor wearing option available and is the ideal choice for younger children or active adults. It allows the battery pack to be attached to clothing, leaving just the lightweight control unit behind the ear. With ActiveWear, children have a lighter way to wear SONNET 3 all day long, whereas adults have a more secure option during sports.
